

# Filosofiska Nepal

## Monthly Activity Report January 2016

### Operation of school:

This month we had winter break for the 10 days. During this winter break we provided the children with winter assignment to make them engaged at home also. All teacher visited the students and parents. The students were categorized into six groups and one teacher was assigned for one group. The concept of home visit is to know more about each other. Parents share their feelings and teachers share more about the school and performance of the students in school. This is a great opportunity to get to know each other.

From this month our facebook name and banner name has been changed to Filosofiska Nepal. Children also want to know more about the word Filosofiska. It was hard to pronounce at first, but now they can pronounce it easily.

For annual picnic we went to Balaju park on the 2<sup>nd</sup> of January. Children had lots of fun. In the morning while preparing breakfast some of the children helped to make breakfast, while some of them were busy to arrange play area. After having breakfast we all participated in the drama, dance and sang a song. Then we had tasty snacks together. In the afternoon we went for walk in the park. We saw fishes, turtles and lots of beautiful flowers. We ended up picnic by having dinner.

On 9<sup>th</sup> of January we went to staff picnic to Pilotbaba Ashram together with Southwestern School staff. It was really an awesome experience to know about each other.

The second term examination result was distributed. The result was satisfactory. We had the 2<sup>nd</sup> parents meeting held on January 1st, and all the parents were enthusiastically participating in the meeting.

The winter jacket and woolen hat was distributed to all the students the 24<sup>th</sup> of January. They were really excited to get a warm and nice jacket. They are thankful to Clarence.

Muskan Nepali and Rojina Lama from the girl hostel Kopila Filosofiska joined our school from the 26<sup>th</sup> of January. Muskan studies in class LKG and Rojina studies in class nursery after their performance had been examined.

From last month Anita Nepali and Padam Nepali stopped coming to school. We went to visit them. Their father had had an accident so they had to stay at home to look after him. They will come from next session, which will start from April.

### Progress of the month:

Students as well as teachers know more about Sweden. This month they know about Sweden national flag, capital city, national dress and national food. They now recognize the national anthem but they

don't know about the lyrics. They have already started to write a letter to their friends in Sweden. The teachers helps them to translate into English.

All the students and teachers are working hard because our final exam is going to be held in March.

### **Teacher's performance evaluation:**

Teachers are evaluated on a regular basis. Form last month we start to use attendance machine to take attendance. It is more transparent.

### **Photographs:**

**On 24<sup>th</sup> January we distributed winter jacket to all the students.**

**The students of class LKG after receiving jumper.**

**The students from class three were showing their work.**

**Students preparing their work with the guidance of their teacher.**
